Subject: Action taken reports on adopted village – reg

Ref: No. G. 28013/1/2016-THE/197 Dt. 2.5.2023

Madam,

With reference to the subject & reference letter no. cited above I have the honor to submit herewith the Report of this College for your kind information and necessary action.

Sustainable Development Goals Reports

Sustainable Development Goals (SDGs) Committee was set up in the year 2023. The Committee consists of

Chairman : Dr. Lalbiakzuali, Associate Professor, Department of Commerce

Secretary : R. Lalrinkima, Asst. Professor, Department of Political Science

Members : Dr. Robert Lalremtluanga Ralte, Asst. Professor, Department of History

Ramengmawii, Asst. Professor, Department of Geography

The committee is set up to promote and foster SDGs amongst the students and to its adopted villages.

Activities

The College participated in a Higher educational Institutes local immersion competition organized Department of Planning and Programme Implementation, Government of Colleges in Mizoram. The adopted village is **Muthi** located 12 kms from the college. The Committee selected 12 student for this local immersion.

The selected students spent five days and four nights in the month of February 2023, at the adopted village for household survey. The objective of the project was to provide the students with a hands-on experience of rural living and community development. The project aimed to foster a deeper understanding of the Sustainable Development Goals (SDGs) and their role in community development.

Project Details

The project was divided into two phases. The first phase involved a survey of the village to understand the existing infrastructure, health, education, and economic conditions. The students also interacted with the villagers to understand their needs and aspirations. The second phase involved the students developing and implementing a project that would address the needs of the village (*Hydroponics Grown Green Fodder for Household of Muthi, as most of the inhabitants herd cows and it is of course, difficult and challenging for them to gather nutritious cow's feed*). The students were divided into groups, and each group focused on a specific area of development, such as health, education, or economic development which could further be gained by achieving better living standard from the said proposal. **Outcome:**

The local immersion project at Muthi was successful in achieving its objectives. The students gained a first-hand experience of rural living and community development. They also developed a deeper understanding of the SDGs and their role in community development. The projects implemented by the students were successful in addressing the needs of the village.

Presentation and Award: The outcome and final presentation of the local immersion project were presented at the SDG symposium organized by the Department of Planning and Programme Implementation, Government of Mizoram. The presentation was held on 28th March 2023 at Vanapa Hall. The presentation was well-received, and the project won the **second position and a cash prize of one lakh rupees**. The Planning department facilitated participants with a certificate of recognition for their contribution to community development.

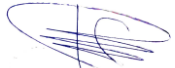

The proposed Project is further to be developed and shall be submitted to concerned Department for actual realization.

Conclusion

The local immersion project at Muthi was a valuable experience for the students of Government Hrangbana College. The project provided the students with an opportunity to develop their leadership skills and gain practical experience in community development. The success of the project demonstrates the potential of local immersion programs in promoting community development and achieving the SDGs. The award and recognition received by the participants are a testament to the hard work and dedication of the students and their mentors.

The presentation was again presented before the Secretary, Ministry of DoNeR on 5th May 2023 at the College and it was well received by the Secretary and the audience
