F. Objectives of the Seminar: As one of the biggest colleges in Mizoram, Govt Hrangbana College produces an average of 750 graduates annually. The student's progression data collected every year indicates that a small section of the fresh graduates get enrolled to higher studies in and outside the state, another section seek employment in local and non-government domains while the remaining section sign up for coaching classes with the dream of pursuing a career in government services. The prospect of entering state civil service is bleak without proper guidance and meticulous preparation. Educating the students on civil service career before the completion of their graduation is not only crucial but also needs to be emphasised as they are the most motivated at this age and at a decisive point of choosing the right direction for their career choices. Hence there is an imperative need for a programme on career in government services and for this purpose the seminar was organized.

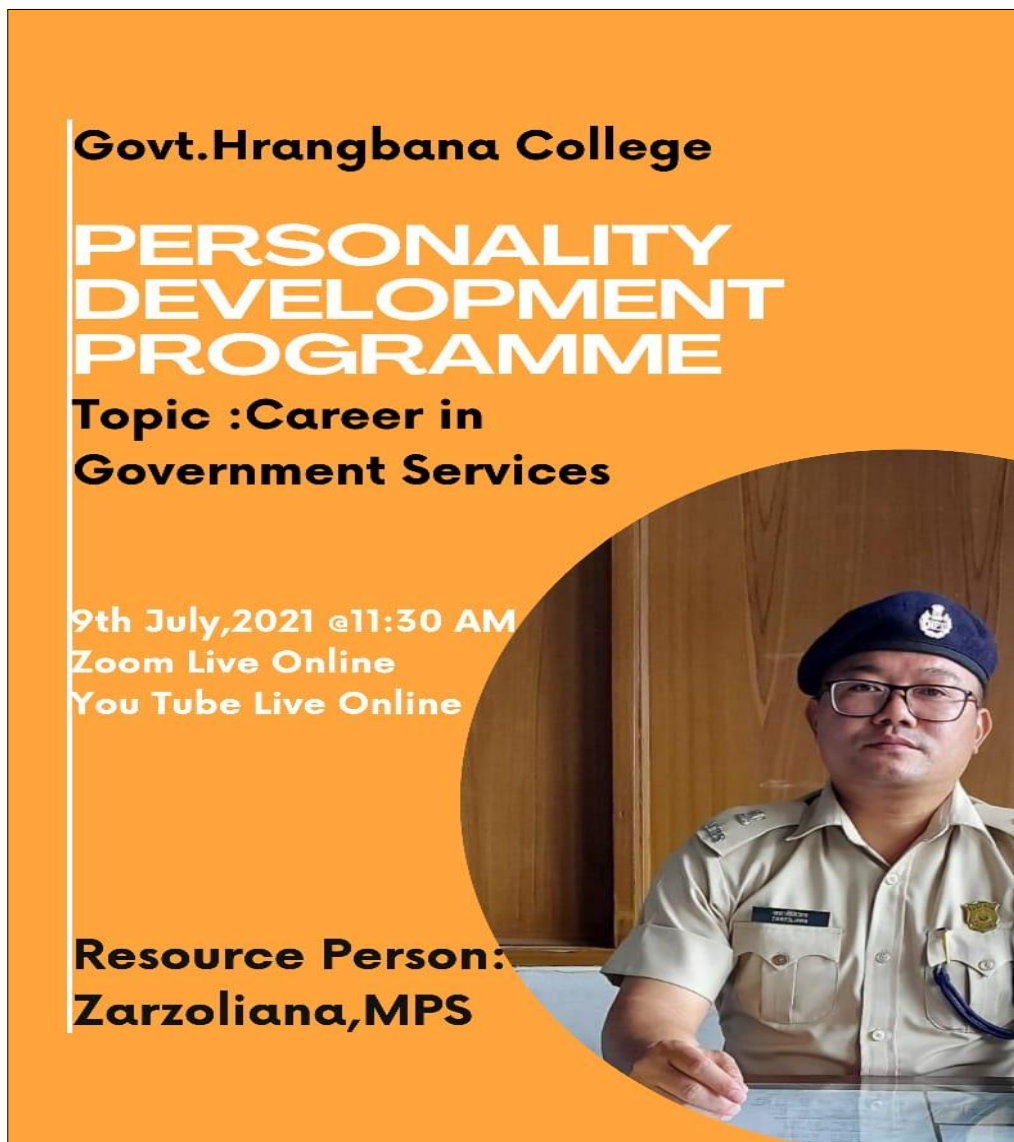

G. Resource Person: Mr Zarzoliana, MPS, an alum of Govt Hrangbana College, Dept of Public Administration (Class of 2004), Mizoram Police Service (2013 Batch) was engaged as the Resource Person for this seminar.

H. Outcome of the Seminar: The seminar introduced the students to concepts like job security and financial security in government services which is close to absent in private and corporate sectors. Classification of grades and duties, syllabus structure, stages of preparation and examination pattern of Mizoram Combined Civil Service were discussed at great lengths motivating students to take their interest in government services higher. The students were keen to learn about the experiences of civil services, the challenging and

rigorous responsibilities and duties, authority and power, the excellent perks, the contribution to society and the self- satisfaction. The talk on techniques of preparation for civil services examination encouraged the students to set greater efforts for pursuing their journey for civil service. It instilled in them the importance of hard work, diligence and perseverance and other attributes in achieving their goals. The seminar ended with a question and answer round and the engagement between the students and the resource person was immensely productive.
