Context of the Webinar

The Webinar was organised in view of the fact that since we live in a highly complex and rapidly changing world, students need more help in making meaningful career selection and preparation for an entry into it in order to have a fulfilling and rewarding career. Thus, webinar on career guidance was organised in order that students make judicious occupational/career choice.

Goal of the Webinar

- To make the students aware of the necessities of developing proper goal.
- To help the students choose a field that is in tune with their skills and potentials.
- To help the students in determining their strengths, interests and values.

Evidence of Success

A questionnaire was conducted in order to ensure the success or failure of the events organised by our department and the feedback received from the participants shown through the histogram shows the outcome of the webinar
